

VISIONEERING PROJECT CARDS

Here are your **Visioneering Project Shapes** to create your Visioneering Project Cards. The cards are designed to manage and memorialize your Visioneering projects.

INDIVIDUAL SHAPES:

To learn the details of how to use the shapes in your Visioneering sessions, watch the 5-Part LAW OF ATTRACTION Video Series, or the GUIDED VISIONEERING Video Workshop on the Zygon App.

Here is a 'quick guide' to get you started:

- 1) Print these pages on 8.5 x 11 paper, and cut out the shape you want to use.
- 2) On the side of the paper with the shape, write the title of your project across the shape.
- 3) On the other side of the paper, write a sentence that describes the outcome already achieved.

You can carry your paper (with the shape, title, and outcome) around with you, and when you look at the shape and the title on the front, it will help trigger your subconscious auto-pilot.

SHAPES WITH CUT LINES:
